

## **Need help with your green business?**

Greenprint™ is a unique service, specifically for environmentally conscious, sustainably-based businesses. We match investors with entrepreneurs and also offer financial consulting.

A network of Greenprint professionals can help you quantify the economic potential for your business along with your environmental benefits, and develop the case for attracting professional capital.

Greenprint consultants provide a customized assessment of your business summarized in our proprietary Greenprint format (example shown on following page) to help you match your capital investment needs with qualified sources of financing in the sustainable business sector.

Send us an e-mail noting your name, return address and phone number, and a description of your business to [greenprint@wellbuilding.com](mailto:greenprint@wellbuilding.com) to have a Greenprint professional contact you about our services.
